P. O. Box 1111
El Paso, Texas

Dear Mr. Frewin:

We have today furnished Mr. Wills, of Stearns-Roger, with our quotation on two of the items which you listed recently. These were the high temperature plastic insulation, and the asbestos finishing cement.

These are both high quality products, and we can recommend them to you without reserve.

We were also prepared to quote you on the other insulation products listed of Philip-Cary manufacture. However, Mr. Wills tells me that you have already decided on this and that the order has been placed. Just for information purposes only, I am attaching a copy of this quotation. Perhaps the next time we may be able to serve you.

If you would like to have samples of either of the materials mentioned above, or shown in our insulation bulletin which was attached, we will be very happy to secure these for you.

Cordially yours,

THE DENVER FIRE CLAY COMPANY
