E. E. Scollidge, Jr.

Paper No. 101 - The Use of Lithopane
in Latex Emulsion Paints

At Mr. Mason's request we sent him 100 copies of the above paper
for use in promotion of export sales of lithopane.

Over 2,000 copies of this paper have now been prepared, and we
hope to complete the rest of them shortly and distribute them to the proper
sources. As you know, each sales manager has already been supplied with
100 copies each.
