My car repairs are taking longer than planned. Looks like I will have to do the FC call from the dealership. I can stay late tonight, to polish up the WHB decision tree, and to work w KK on the 3349 exercise. (b) (5)

KB you should have a look at that today, before we start merging the documents. st Sent from my iPhone > On Apr 6, 2017, at 6:53 AM, Steve Tryon <stryon@blm.gov> wrote: > > I need to take care of some personal things. > > I'll be in by noon, for the FC call. > > st > > Sent from my iPhone

Hi Steve,
I will be stepping away from the FC call for another meeting from 12:30-1.

also, I told the team that is working on the response to 3349 that they have to provide us their working draft by mid-afternoon. and i am working on setting up a meeting with the other directorates to discuss it tomorrow. i expect the drop dead to send it on to ASLM is monday, so i fear staff are going to be working on it over the weekend.

Thanks for the note. I think we can be done by cob tomorrow, but I may be surprised by what comes back from the states.

Combining 200 and 300 may be tricky.

The 300 piece (b) (5)

we aren't combining 300 any more - just talked to shannon. we are going to meet next week on 300 stuff instead and focus tomorrow just on mitigation & climate
