Many thanks!

Perhaps we can coordinate schedules and see what we can arrange. As I am sure I will be asked, can you share your topic?

Have a wonderful weekend!!! Be safe and stay warm.

Audrey

I definitely would like to do that but things are really crazy right now. I have something I need to speak with them about as well. Ann Campbell and Crystal Penman will do their best to make the meeting possible if we can find a way to make it happen.

Hi!

Thought I would reach out to you directly on behalf of the ConocoPhillips' Alaska team to see if it would be possible to get a meeting with you next week while they are in Washington, D.C.

Our original request was sent to David Ross who I understand is still waiting to be sworn in. I know you have met with folks from our DC office recently and wanted to make the opportunity available to you to meet with some of our colleagues from Alaska. They could provide you with an overview of ConocoPhillips Alaska's (CPAI) projects in the NPR-A, discuss where CPAI is headed strategically on the Western North Slope, and discuss compensatory mitigation.

If you or someone from your staff could get back to me, it would be greatly appreciated.

Many thanks,

Audrey

Hi!

Happy New Year!

Since David Ross has not been sworn in yet, would it be possible to get a meeting scheduled for next week with Lee Fosgren and our Alaska team?

Please advise.

Many thanks,

Audrey

Thank you for keeping me informed, we have a folder with all the emails and meeting requests for David Ross. We have not created a calendar for David because we are waiting until he is sworn into office and still transitioning Mike Shapiro out of the office. If you have any other questions or concerns, please feel free to contact me.

Hi!

I was hoping that in Crystal Penman's absence you might be able to handle my meeting request detailed below or put me in touch with someone that can assist me. Since the meeting request is for early in January the matter is time sensitive.

A response would be greatly appreciated.

Thank you,

Audrey

Subject: Meeting Request - ConocoPhillips

Hi Crystal,

Season's Greetings!

We are starting off the New Year with a DC visit by our ConocoPhillips Alaska team. Thus, I would like to request a meeting with David Ross, Assistant Administrator for Water @ EPA on behalf of ConocoPhillips during the January 9 – 11, 2018 time period.

In attendance will be: Joe Marushack, President, ConocoPhillips Alaska; Lisa Bruner, Vice President of North Slope Operations & Development, ConocoPhillips Alaska; Scott Jepsen, Vice President, External Affairs & Transportation, ConocoPhillips Alaska; and Jon Goltz, Senior Counsel, ConocoPhillips Alaska. They will be accompanied by representatives from our DC Government Affairs team.

A meeting would afford them the opportunity to provide an overview of ConocoPhillips Alaska's (CPAI) projects in the NPR-A, discuss where CPAI is headed strategically on the Western North Slope, and discuss compensatory mitigation.

With the holidays fast approaching, it would be appreciated if you could acknowledge receipt of this request and provide an initial response on the Assistant Administrator's availability. We can then work on confirming an exact date/time for the meeting.

Many thanks for your consideration and assistance.

Audrey
