If we have Development budget for 1968 we should see about paying Callendra's Lab this year for work in 1968 and 1969. This might help budget for 1969.

If you have money let's discuss with Howard Bergen and get agreement with Wheeler and Callendra.

Suggested to Wheeler we pay $75,000 < '68 for '69-'70 work. Callendra will submit (Dec 68) bill to E Wheeler. Suggest we take it out of the years Commercial Dev budget. Get E Wheeler and either you or I to OK payment.
