MEMO TO Pat Fisher - B-2-S

Pat,

Attached is the toxicity information on Pydraul AC which I read to you over the phone this afternoon. This data supplements the information found in the new Pydraul AC bulletin (no page number, but the statement begins: "Pydraul AC is safe to use....").

Mr. Wheeler has requested that you send us a copy of the letter which you are sending out containing this information. Please send to: Mr. Elmer P. Wheeler - A-2-S.

Thanks.
