To Thos listed below
NAME LOCATION
 Date June 1, 1981
 From Mr. J. A. King
NAME LOCATION
 Subject SEPT. 1981 VCSA MEETING

Hooker Chemical

PLASTICS DIVISION

Copy to:

The latest request for preparing the agenda is attached. A "Tru Confession" is any item, not specifically listed as a subject on the agenda in the past, we may wish to broadcast in order to help member companies with similar problems or to attempt to gain information for ourselves. As someone once said - the value of the meeting depends on what we all put into it.

Responses to the first request (April 27) for agenda items resulted in the following list:

- VCN* F. F. Hoy: 1. Who is being hassled by EPA (on VCM emissions)?
 2. Are other plants reporting every valve discharge regardless of how small?
- VCN* C. J. Kleinert: 3. On Emergency Releases: What is reported? How are these releases controlled? Is there anything new on short stop or instrumentation?
- VCN* 4. What is the feeling on change or tightening of the Standard?
- VCN* 5. What is the current status of those using carbon adsorbers for VCM vent gas?
- VCN* 6. How do others face water soluble hydrocarbons that are discharged in effluent related to VCM/ViAc copolymer manufacture?
- VCN* 7. How do others handle "hazardous hydrocarbons" like Toluene/DOP wastes that we would burn if we were permitted?
- Saf.* D. M. Connor: 8. Corrosion update on reactors, strippers, recovery equipment, incinerators and other primary emission control devices.
- VCN* 9. Effluent problems particularly regarding POTW's and NPDES permits.
- VCN* 10. Personnel monitoring.
- Saf.* 11. Engineering safeguards to prevent opening the wrong reactor.
- VCN* 12. Update on OSHA and EPA inspections.
- VCN* 13. Have any PVC plants been fined for excursions reported in Semiannual Reports?

(Dave recommends alternating production plant representatives in attending the meetings in addition to anyone else who may be sent.)

 Mr. R. W. Arnold
 Mr. K. H. Garner
 Mr. K. P. Hochschwender
 Mr. D. J. Baldwin
 Mr. C. W. Engblom
 Mr. A. E. Schmeck
 Mr. T. E. Moses
 Mr. J. R. Hilt, Pyvl
 Mr. D. M. Connor, Pyvl
 Mr. H. Giovannelli, Pyvl
 Mr. M. W. Handler, Addis
 Mr. J. W. Lessig, Addis
 Mr. R. C. Knight, Addis
 Mr. R. K. Diehl, Addis
 Mr. T. Nasife, Burlington
 Ms. B. Flowers, Burlington
 Mr. A. Kowalewski, Burlington

Attached is the agenda and a tabulation of member-submitted data on PVC Relief Valve Area Size; limited distribution of the latter.

Mr. D. M. Connor, Mr. H. Dubec and I will attend the meeting. He (DMC) suggested soliciting your questions other than those that will apparently be covered on the agenda. You are all hereby requested to write these to Messrs. D. M. Connor, H. Dubec or me by Sept. 16 - we leave Sept. 23.
