Attention: Denis Conlon

Subject: Part # X 10289101 and X 10289301.

I have received a copy of the revised quotation from Abex dated 12/12/78. The following purchase order numbers have been issued to cover these parts. Tooling for part # X 10289101 is on purchase order # A88061880, production parts on P.O. # A88061890. See purchase order # A88061891 for tooling on part # X 10289301 and # A88061892 for production parts.

If Abex does use shoes imported from Germany for Initial sampling, it will be necessary for you to resample when the shoes from A. L. Hansen Manufacturing Company are available.

I understand that Abex plans to be ready for sampling on approximately half of the tooling on January 15th. The balance of the tooling will be sampled at the end of January or first part of February.

We expect to have updated blueprints by next week and I will forward copies to you as soon as they are available.

Very truly yours,

Jackie Lowe
