Dear Friend Al:

The pleasure of attending and addressing your organization was all mine. You have a wonderful group.

Enclosed is the article on "Ozone in Arc Welding". I hope you will find this of value.

Thank you for sending me the catalogue on "Acetogen" gas. We are very interested in its composition and safety and health factors involved so we plan on finding out all we can and how much information on it we can divulge. In fact, I just phoned the inventor and he is sending me additional literature. The other is for detection.

Again, thank you,

Sincerely,

DeWitt Huffman, P.E.
Assistant Chief
Engineering & Hygiene

Columbus, Ohio

Dear Mr. Huffman:

On behalf of the Northern Ohio Chapter, American Society of Safety Engineers, thank you most sincerely for your very excellent presentation, "Your Responsibility for Industrial Hygiene", which you delivered as our guest speaker on May 26, 1969.

We certainly appreciate your kindness in taking the time from your busy schedule to be with us.

Sincerely yours,

A. J. Rehker

CERTIFICATE OF AUTHENTICITY

I certify that the microphotographics on this roll of film or microfiche are true and accurate productions of records generated by or received by the Ohio Bureau of Workers' Compensation, an agency of the State of Ohio, as required by Ohio Revised Code Section 4123.52 and Section 9.01 which require optimum protection from hazards of accidental destruction of records.

It is further certified that the photographic processes used for microfilming the above records were accomplished in a manner and on microfilm which meets the requirements of the National Bureau of Standards for permanent photographic copy.
