FRIDAY AND SATURDAY SUGGESTIONS

SHERWIN-WILLIAMS
PAINT
HEADQUARTERS

Only a few dollars will work this miracle

Old-fashioned homes can be transformed overnight with the magic power of S-W Enameloid's beautiful colors. Woodwork, furniture, toys, bathrooms—all can be made to reflect the refreshing witchery of modern color at a surprisingly moderate cost.

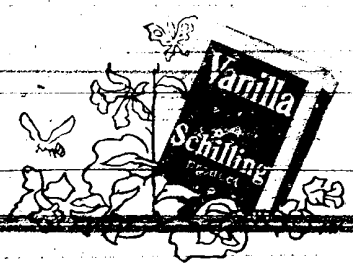
Enameloid is the world's finest rapid-drying decorative enamel. It can be had in many colors—all of incomparable richness and beauty. You'll like the ease with which you can brush it out to a hard, lustrous finish—its long-wearing qualities—its washableness. Dries rapidly without sacrifice of quality or beauty.

Plan a new color scheme for your home. Cost should be no hindrance, so why not start it at once? Come in and inspect our big, new Decorative Book for smart, new color suggestions. It is at your service.

There is no bargain like good quality

Sherwin-Williams make the finest line of paints and varnishes in the world. That statement is backed by our expert knowledge of paints. But we also have the satisfaction of knowing that most people agree with us, for more Sherwin-Williams paint products are sold than any other kind. Into each Sherwin-Williams product goes the accumulated experience of 64 years of leadership in the paint industry.

Sherwin-Williams paints are typical of the quality of merchandise you will find at this store. Our reputation is built upon selling merchandise that makes permanent friends. The Friday and Saturday Suggestions shown below are specimens of the remarkable values you will find here. A visit of inspection will prove interesting and profitable.



Vanilla flavor is beautiful when it is delicate—poor taste and poor cooking when it is flashy and loud. Schilling Vanilla permeates everything it touches, but it never smothers dainty dishes in a raw flavor. It is the pure essence of the richest vanilla beans unadulterated.
