AR 226

Dear Ms. DominiaK,

Foam related material for inclusion in Administrative Record AR-226

I have been requested by the FFFC to provide information defining fluorosurfactants used by Ansul Corp. to make Military Specification AFFF. fluorosurfactants were present in all Ansulite AFC-5A (3% Mil. spec.) and 5 (6% Mil. Spec.) supplied by Ansul under the Military supply agreements in the 1980s.

Two fluorosurfactants were in each product; 1 and 1

The perfluoro- chains were about and Note that is a of a while 1 is an surfactant.

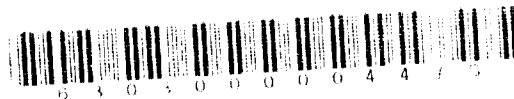

Ansul has given me permission to submit this information as Business Information (CBI).

Most Respectfully Submitted,

Kirtland P. Clark
Dr. Kirtland P. Clark
VP of R&D
Chemguard, Inc.
