If adequate ventilation control is not possible, wear respirator approved by the U.S. Bureau of Mines.

A label or stamp should not be less than about four by five inches.

Then you will see over there, okay, per Marshall Briley, who is one of the attorneys; and you will see a handwritten note, this label size to be two and a half by three.

Down below you will see it says on the right-hand side, it says, same size as J-M; and you will also see, urgent, immediate action, please.

Anything else, counsel?

MR. SMITH: You read it all. Did you read the date?

MR. McGOWAN: The date is December 19th, 1966.

Your Honor, at this time we would offer into evidence OCF-118 which is dated December 23rd, 1966.

THE COURT: It will be admitted in evidence.
