INDUSTRIAL CHEMICALS

July 11, 1972

Dr. Anthony Urjil
Organic Chemical Division
W. R. Grace and Company
62 Wittemore Avenue
Cambridge, Mass. 02140

Dear Dr. Urjil:

As requested, we have enclosed with this letter a copy of our publication, "Monsanto Methodology for Aroclor", as well as some pertinent literature articles on PCBs.

We have also sent to your attention, under separate cover, samples of Aroclor 1221, Aroclor 1242, and Aroclor 1254 for use as analytical reference standards.

If we can be of any further assistance, please feel free to call upon us.

Sincerely,

E. S. Tucker
