1. Chick Don Bishop on PCB embargo of fish in Mich
2. 1016, 1242, 1254-

Amer Assn of Official Analytical Chemist - ~~paper~~ reported that the above PCB had di-benzyl furans in them. FDA read this report

① FDA asked:

① Do we know how furans are formed?
② Can Hydrox-biphenols combine to form furans?
③

Monsanto its own byproducts - Mis looking for furans.

[Dibenzofurans]

↑

When these are chlorinated, this makes them toxic.

We need to know year of commercial fish coming from Lake Mich.
