LOUIS R. STARK

NAME OF WITNESS

DEPOSITION CORRECTION SHEET

In Re: USA VS MEXICO FEED & SEED

Upon reading the deposition and before subscribing thereto, the deponent indicated the following changes should be made:

Page 6 Line 22 should read:
A. 10 Carlin Drive, Fairview Heights, Illinois.

Reason: spelling of word - Carlin

Page 8 Line 22 : Q. is not complete or is not related to A. on Page 9 starting line 1. Possible omission in transcription of an Answer and Question.

Page 10 Line 17 should read:
A. It was a phenol -- particular portion of the

Reason: spelling of word - phenol

Page 10 Line 18 should read:
phenol process at a large scale plant demonstration that

Reason: spelling of word - phenol

Page 11 Line 10 should read:
production you reacted biphenyl with chlorine and one of

Reason: spelling of word - chlorine

Page 13 Line 1 should read:
assignment you pronounce it phenol?

Reason: spelling of word - phenol

Page 13 Lines 6, 9 and 21 should read:
Aroclor

Reason: Word should not have 's' at end - trade mark related

Page 14 Line 21 should read:
Aroclor

Reason: word should not have 's' at end - trade mark related

Louis R Stark 5-15-90
Deponent

PCB-ARCH-EXT0371334

Page 15 Lines 11, 19, and 20 should read:
Aroclor

Reason: word should not have 's' at end - trade mark related

Page 16 Line 9 should read:
Therminol

Reason: word should not have 's' at end - trade mark related

Page 16 Line 11 should read:
Pydraul

Reason: word should not have 's' at end - trade mark related

Page 16 Line 20 should read:
Aroclor

Reason: word should not have 's' at end - trade mark related

Page 17 Line 23 should read:
in the laboratory working on the hydraulic fluids and the

Reason: spelling of word - fluids

Page 18 Line 15 should read:
the end application needed: viscosity level, anti-rust

Reason: use colon after word needed for improved clarity

Page 19 Line 18 should read:
A. Fairview Heights, Illinois, from 1951 I lived in

Reason: insert date omitted - 1951

Page 24 Line 9 should read:
A. It's what we call the Specialty Division

Reason: capitalize 'Specialty Division"

Page 27 Line 14 should read:
A. when I first knew him he was the assistant plant

Reason: insert word - plant - to complete title 'assistant plant manager'

John R Stark 5-15-90

Pydraul, Aroclor

Reason: spelling of words should omit 's' at end - trade mark

Page 41 Line 1 should read:
formulations and they would have been combined with

Reason: change word 'again' to 'have' for clarity

Page 41 Line 2 should read:
phosphate esters only or phosphate esters and the high

Reason: change word 'in' to 'and' for clarity

Page 41 Line 5, line 19 should read:
Aroclor, Pydraul

Reason: spelling of words should omit 's' at end - trade mark

Page 41 Line 22 should read:
as such had the greatest chance of large systems being

Reason: change word 'added' to 'had' for clarity

Page 47 Line 3 should read:
and Stan Shaw were also in the sales department and

Reason: spelling of first name of 'Stan Shaw'

Page 78 Lines 12 through 16: do not make sense - I speculate that some question(s) and possibly answers not correctly transcribed.

Page 107 line 7 should read:
involved with, the Pydraul and Therminol fluids.

Reason: omit 's' at end of words and add word 'fluids' - trade mark issue

Louis R Stark 5-15-96
Deponent

PCB-ARCH-EXT0371337

Page 112 Lines 3 and 4
have nothing to do with -- with pcb's, Pydraul or Therminol fluids.

Reason: omit 's' at end of words 'Pydraul' and 'Therminol' and add word - 'fluids' - trade mark related issue

Page 118 line 3 should read:
designed to handle Aroclor. So Monsanto certainly

Reason: omit letter 's' at end of trade name

Page 126 Lines 6, 8, 17, 18, and 22 spelling of word:
Aroclor

Reason: omit 's' from trade name

Page 127 Line 8 spelling of word:
Aroclor

Reason: omit 's' from trade name

Page 128 Line 16 spelling of word:
Aroclor

Reason: omit 's' from trade name.

Page 129 Lines 11, 12, and 20 spelling of word:
Aroclor

Reason: omit 's' from trade name.

Page 133 Line 2 and 3 should read:
people that distribute the mail internally was a way at that time that they were sorting the mail.

Reason: to change transcribed words and sentence structures to better clarify reason for and use of subject mail codes used in memos.

Page 140 Line 24 should read:
A. Queeny plant's official address was 1700 South

Reason: correction of street address number.

Louis R Stark 5-15-90
Deponent

PCB-ARCH-EXT0371338

Page 145 Line 13 should read:
A. No. I worked with DDT, too.

Reason to change acronym of transcript to correct acronym used.

Page 150 Line 15 should read:
L. R. Stark

Reason: to correct name of deponent for this particular deposition.

Page 153 Line 17 and 18 should read (confirm by actual document no. 692!)
and what will be costs. Findett, Manufacturing, Central Liquid Handling and A-lab: 2, decide if material should be shipped...

Reason: correct spelling and punctuation of transcript for clarity.

Page 153 Lines 20 and 21 should read:
shipment. Electrical fluid recovery group and manufacturing: 3. after fluid is recovered, confirm quality

Reason: change punctuation of transcript for clarity.

Page 159 Line 6 and 7 ??:

that's --I
see that and I understand that.

Reason: this appears to be the last part of an answer rather than the last part of question which begins on Page 159 Line 2. Suggest review of original dictation transcript.

Page 166 Line 8 should read:
special incineration, signed L. R. Stark

Reason: correct name order of initials.

Louis R Stark 5-15-90
Deponent

PCB-ARCH-EXT0371339

Page 166 Line 18 should read:
die lubricants which were petroleum fractions, the oil

Reason: change spelling of word - die.

Page 167 Lines 5 and 6 should read:
layers like -- the analogy is like oil and water, where you make mayonnaise out of a water material and an oily

Reason: change punctuation and words of transcription for clarity.

Page 170 Line 9 should read:
average chlorine content. As I recall about 3 chlorines

Reason: spelling of word - chlorine.

Page 173 Line 2 should read:
less viscous and could be intermixed, then they would not

Reason: spelling of word - viscous.

Page 175 Line 14 should read:
A. In B Building, at the North Lindbergh address.

Reason: to correct designation of building of mail code of reference in question beginning Page 175 Line 10.

Page 179 Line 17 should read:
exchange would be 77 for 66.

Reason: '4' of transcript should be word 'for'.

Page 179 Line 22 should read:
called phenoxybiphenyl, but the main product was not a PCB

Reason: correct spelling of word "phenoxybiphenyl".

Page 180 Line 13 should read:
A. 4'-dichlorobiphenyl

Reason: correct transcript chemical name.

Louis R Stark 5-15-90
Deponent

PCB-ARCH-EXT0371340

Page 180 Line 21 should read:
called Therminol 77 which used the dichlorobiphenyl as an

Reason: add number seven to designated product.

Page 180 Line 24 should read:
appropriate alkylphenol in a reaction which is sometimes

Reason: correct spelling of transcript word - alkylphenol.

Page 180 Line 25 should read:
referred to as an Ullman reaction, the chlorine would be

Reason: correct spelling or words - Ullman and chlorine.

Page 204 Line 10 should read:
in Pydraul 312. That's what that says, correct?

Reason: add number three to subject product -Pydraul 312.

Page 205 Lines 3 and 6 change spelling of word:
oxirane

Reason: correct transcript spelling of word - oxirane.

Page 207 Lines 2, 3 and 4 should read:
letter talks about clay treat followed by filtration, mild forecutting and filtration. The use of the term in here, dicalite earth, it the -- the dicalite earth is a filter

Reason: change transcript punctuation for clarity.
