Dear Mr. Jeffords:

I assume Mr. Sumner Simpson has advised you of our interest to have your co-operation in connection with some asbestosis cases here in Charlotte.

Mr. Simpson wrote me December 11th to communicate with you, which I did by telephone today and found you were in a hospital, which I was sorry to hear. I hope you will be out soon feeling a lot better.

I should like if possible to arrange for some attorneys to come down to visit you December 28th or 29th if this is agreeable. If not, can you give me some other date not later than the week ending January 2nd? I will appreciate your co-operation.

With kindest personal regards, we
are

Yours very truly,
