nyvale engineering, research center
is confirmed by Sperry Gyroscope Co

'VALE — Sperry Gyro-
mpany yesterday con-
its plans to establish
neering and research
in two 10,000-square-
dings here on adjoin-
s along Commercial
ear Arques Road.
the buildings already
tructed, a company
an announced, and the
scheduled for comple-
fall. Sperry plans to
erations by the middle
ear.

BUILDINGS will house
s and engineers for
research and develop-
ojects in the fields of
re control, servomech-
nd guided missile sys-
ccording to Carl G.
, Sperry executive
esident and general

all group of Sperry
headed by E. B. Ham-
ill be transferred from
ent headquarters at
ccess, N.Y., to staff the
ility, which will be
as the Sunnyvale De-
nt Center.

A company announcement said the Sunnyvale group "will initiate development work on new weapons systems and carry these projects to completion of workable design based on thoroughly tested prototypes. Actual manufacture . . . will be performed at established Sperr manufacturing facilities."

The Sunnyvale location wa chosen, Holschuh said, becaus it is within easy reach of fou major engineering schools a which company personnel cou undertake graduate studies.
