TO: Members/Observers, DHEW Committee to Coordinate Toxicology and Related Programs

DATE: Sept. 14, 1976

FROM: Executive Secretary, DHEW Committee to Coordinate Toxicology and Related Programs

SUBJECT: Change of Date for September 21, 1976, Meeting

The regular Committee meeting scheduled for September 21, 1976, is cancelled. In its place, a special meeting (sponsored by this Committee in cooperation with EPA) will be held on September 23, 1976, (9 a.m., Wilson Hall, 3rd Floor, Building 1, NIH, Bethesda, MD) at which time Federal health and environmental officials will meet with pediatricians, obstetricians, and other specialists to review and evaluate EPA's recently reported sampling of PCBs in the fat of mothers' milk. The meeting is open to the public and their attendance will be limited to the space available. Seats will be reserved for Committee members/observers; however, please call Ms. Ellington (FTS 629-3213) if you plan to attend.

Due to cancellation of the regular September 21 meeting, we will postpone considering for approval the report of the Subcommittee on Polychlorinated Biphenyls until our next regular meeting.
