Mr. J. M. DeSalvo
Manager
Substation & Methods
Standards
Allegheny Power System
Cabin Hill
Greensburg, PA 15601

Dear Mr. DeSalvo:

In response to your letter of June 22, we have reviewed the proposed draft on the disposal of PCBs. Our only suggestion is that you delete Monsanto Company from the list of approved suppliers for disposal service. Monsanto is not in the disposal business and only disposes of liquid PCBs as a service to our dielectric customers.

There are several additional people that have disposal facilities for PCBs per the list published by EPA. A copy of this list is enclosed.

If we can be of any help, please let us know.

Sincerely,

J. Coleman Weber
