Average Hourly Earnings

On 5-20-48 the two Sheeter Operators listed below were taken off their regular jobs to assist the Industrial Engineering Department in the production of experimental [illegible] Sheet Packing made with Australian Blue Fibre

Clock No. 3832	Kempster Wallen	3.0 hours
3838	Hugh White	0.5 hours

Since normal incentive earnings were not to be had and since such work was both plentiful and available, please arrange for the payment of average hourly earnings to subject employees according to the procedure set forth in the Timekeeper's Manual. Resulting money payments are to be charged to 35;621
