Budget Request

Ref:

To: Marilyn Hartnett - A2SM

Attached is the 1994 Monsanto Fund Budget request for the Chocolate Bayou Plant.

We will continue our focus on "Business/Education Partnerships" with surrounding School Districts. Emphasis areas are 1) in providing science education to both educators and students 2) risk communication processes for educators

We will utilize our Community Advisory Council to identify, facilitate and implement community beautification opportunities.

DSW 133938

This budget reflects maintaining the same level of funding as 1993 except for an increase to cover the costs expected to be incurred in conjunction with the Biotechnology curriculum we provided to AISD this year.
