Metals Reserve Company,
WASHINGTON, D.C. U.S.A.

9th August 1943

Dear Sirs,

We thank you for your letter of the 23rd June received today, and note that in so far as the Banking Medium through which our drafts are to be presented you are not requesting us to make a change.

We have had some correspondence with the Commercial National Bank & Trust Co. on this subject and give you an extract from our letter to them dated 20th July 1943:-

"As our customers do not go further than stating that they have no objection to some of the drafts being forwarded to you for collection, and in view of the fact that your present arrangements are working perfectly satisfactorily, we can see no reason why these arrangements should be changed. Unless and until some such reason becomes evident we shall continue to instruct our bankers to forward drafts for collection through the present channels."

For the present we shall therefore continued to have our drafts presented through the Bank of Manhattan Co New York, New York.

Yours faithfully,
