insulating materials.

Already, Bath Iron Works has notified the Navy they will not use insulation with more than 20 percent asbestos fiber because of the death of an employee.

Mr. McGowan, do you want me to read the next paragraph?

MR. McGOWAN: Yes, I would, and the date is October 27th, 1966.

MR. SMITH: New England Insulation has reported the first state claim against Kaylo.

A workman engaged in making fittings from Kaylo has allegedly contracted asbestosis and is claiming workmen's compensation on that basis.

MR. McGOWAN: That is fine.

Thank you.

MR. SMITH: You are welcome.

The next document is our Exhibit OCF-125.

THE COURT: It will be admitted into evidence.
