Johns-Manville

Internal Correspondence

P. Reed

To: A. C. Daley - 2 South

Date: December 17, 1973

From: S. M. Quint

Copies

Subject: INTERFERENCE DIMENSIONS - PERMASTRAN D_5 AND O.D.

Please mark up specs according to this letter. Changes have been made. B.L.

The attached dimensions have been O.K.'d by H. J. Kazienko. It is recommended that Denison proceed on the new dimensions on a deviation basis and that finished product drawing PL 16-100 be changed immediately to eliminate the possibility of interferences between the PERMASTRAN D_5 and O.D.

S. M. Quint
