W. J. McConnell, M. D.
Assistant Medical Director
Director, Industrial Health Section
Metropolitan Life Insurance Company
One Madison Avenue
New York, New York

Dear Dr. McConnell:

My thanks for your note of January 12, in reply to my letter requesting information concerning the preferability of urban versus rural location of large corporetions. I realize this question was so broad as to be difficult to answer. I certainly agree with you that there are many features which seem to make the suburbs better.

My thanks again for your help in this matter.

Very sincerely yours,

Roger Lapham
