

Oil, Chemical and Atomic Workers International Union

INTERNATIONAL REPRESENTATIVE

May 14, 1966
Dallas, Texas

Mr. J. W. McMillan
Works Manager, Plant 2
Pittsburgh Corning Corporation
Owensboro, Texas

Dear Mr. McMillan:

The union requests that a meeting be set for the purpose of discussing two (2) items that appear to be unsafe conditions. The committee and workers have discussed the items with the foreman, there has been no corrections made or apparently attempted.

The items referred to are a milling machine that is not operating properly and the accumulation of hard material on the floor that has apparently contributed to several back injuries.

Please suggest some dates that are acceptable to you for this purpose. I have open Monday, Tuesday, or Wednesday, May 23, 24, and 25, 1966, if any of these days are satisfactory please notify me by return mail to P.O. Box 2997, Dallas, Texas 75221, or call 214-TA 4-5734. If those dates are not satisfactory please suggest alternate dates.
