A formal petition having been duly filed claiming compensation under R.S. 34:15-7 et seq., as amended and supplemented, an answer having been filed, and the parties having appeared before me, WILLIAM D. HILL, JUDGE OF COMPENSATION, Division of Workmen's Compensation, Camden, New Jersey on 5/9/74 and 6/20/74, and testimony having been presented on the issues involved and stipulations having been entered on the record, I fi and determine as follows:

GAF 15057

1. The petitioner was in the employ of the respondent for 21 years to 10/15/71 on which date he sustained personal injury as the result of an occupational exposure arising out of and in the course of his employment. The occupational exposure and injury occurred as follows:

During the course of his employment, the petitioner was exposed to multiple pulmonary irritants.

2. The respondent has due and timely notice and actual knowledge thereof.

3. The respondent has furnished and paid for medical treatment because of said injury. Additional items to be paid are set forth in the within Statement of Award.

4. Petitioner's wages were $141.54 per week, making the temporary and permanent disability compensation rates $ 94.36, per week.

5. Compensation shall be paid by respondent under said statute.

6. Payments shall be made as set forth in Statement of Award.

7. The permanent disability resulting from said occupational exposure is pulmonary in nature involving the residuals of pulmonary occupational disease, industrial dust disease, asbestosis, emphysema and tuberculosis. The latter having been either precipitated by petitioner's present disposition due to his occupational exposure or aggravated by his occupational exposure;

and the extent thereof, I find and determine to be total and permanent. This judgment is subject to R.S. 34:15-12(b) to provide benefits beyond the period of 450 weeks, which expires on November 7, 1980.

I further order that upon the request of the petitioner, the respondent shall furnish such medical attention and medical supplies as the pulmonary condition of the petitioner may require;

And further find that the provisions of the Second Injury Fund are inapplicable and the verified petition against the Second Injury Fund is hereby dismissed.

At the conclusion of the trial, I made certain observations and findings which were recorded and which are made a part hereof as if set forth fully herein.

Pursuant to such findings, judgment is entered in accordance with the above Statement of Award.

Pursuant to the provisions of R.S. 34:15-64, as amended, it is directed that amounts to be deducted for the petitioner's expenses are to be paid to the persons entitled to the same, the remainder to be paid directly to the petitioner.
