I leave 'em.
Introducing Grey-Rock's throw-away new brake shoes that never come back for relining.
Grey-Rock now gives you the disposable new brake shoe. This, of course, is in addition to our regular exchange program.
Grey-Rock's one-way, no return shoe is convenience itself. No return trucking. No extra bookkeeping. No wasted space. And they're available now, in identities to cover most American cars and light trucks. To assure complete user satisfaction, their quality meets Premium OEM Quality. And they're covered by all state and federal regulations.
The one-way throw-away new brake shoe. It's just one more reason to count on Grey-Rock for the most complete line of brake products around.
