about his background.

Q Did you ever meet Mr. Stefl?

A Yes.

Q When did you first meet him?

A I don't recall but probably when I had the first meeting of the Asbestos Study Committee which was held in our office.

Q What did he indicate was the reason he wanted to start the Asbestos Study Committee?

A I think it was because OSHA had started up and apparently asbestos was one of the things that was going to be considered by OSHA.

Q Is that what you recall him indicating?

A No.

Q What was involved in establishing a new committee in 1971 at FMSI?

A Getting members to serve on the committee.

Q Would a nomination have to go forward with the board of directors and they approve the establishment of a new committee?

A No. We called the delegate for -- or we called or we wrote or did something, however we did it, I don't know -- asked the delegate to get people that might have
