INDEX

Analysis, collection and preservation of marine organisms for 125
column chromatographic separation of PCB's from organochlorine pesticides 338
column extraction of pesticides from fish,etc. 115
complexation of impurities for ECGLC 2
dehydrochlorinase for identification of DDT in 288
fish fat interfers in mercury 301
GLC of aldrin in presence of sulfur 43
GLC separation of heptachloepoxide, oxychlordane, 33
GLC separation of photoendrin and endrin 93
hydrolysis and solvent partition of organophosphates 72
interferences of Halowax's in residue 243
mass spectral of mirex and kepone 207
microscale alkali treatment 160
origin of interfering GLC peaks 193
oxytetracycline in dairy and poultry products 229
Rulene in bovine blood 237
simply constructed adjustable mercury vapor cell 369
soil adenosine triphosphate extraction, etc. 296
spurious GLC peaks from cloth bags 133
Animals, absence of dibenzodioxins and furans from aquatic 105
distribution and excretion of PCB's in the boar 358
formation of hydroxydiazinon isomer in sheep 270
pesticide depletion in dairy cows 75
rate of elimination of DDE and PCB's in cows 252
Birds, effects of aldrin on 188
effects of dieldrin and DDT on egg production, etc. 9
effects of long term feeding of DDT to turkeys 277
PCB's and DDE in eggs of Canadian 63
virus and insecticide interactions in mallard 202
DDE, and PCB's elimination rate in cows 252
and PCB's in bird eggs 63
effect on egg viability of Chironomus tentans 366
DDT, absence of conversion of o,p' to p,p' in rat 121
dehydrochlorinase for identification of in soil 288
effect of and dieldrin on egg production and shell thickness 9
effect of liver damage on storage in rat 284
long term feeding to turkeys 277
microbial degradation of metabolites 52
persistence in orchard soils 348
residues in Salinas River sediments 168
and virus interactions in mallards 202
Diazinon,isomer of hydroxydiazinon in sheep 270
Dieldrin, residues in hog fat 311
Dioxins, absence of and dibenzofurans in aquatic animals 105
distribution and excretion in the rat 57
effect on growth and metabolism of rats 45
Eggs, effect of DDE on Chironomus tentans eggs 366
effect of dieldrin and DDT on production and shell thickness 9

MONS 212416

Eggs, PCB's and DDE in bird eggs 63
hexachlorbenzene in tern 371
Enzyme, dehydrochlorinase identification of DDT in soil 288
PCB's effects on ATPase activity 87
Ethylene thiourea, effect of on thyroid of rat 19
Explosives, analysis in sea water 177
Fish, column extraction of pesticides from, etc. 115
effect of PCB's on ATPase activity in 87
effect of phenylmercuric acetate on egg hatching of 111
interference of fat in mercury residue analysis of 301
toxicity of flotation agents to trout 147
Gamma radiation, decomposition of aldrin in lipid soln's. 331
decomposition of aldrin in organic solv. 321
Halowax's, in pesticide analysis 243
Heptachlor, residues in hog fat 311
Herbicide, microbial breakdown of Triallate 36
microbial cometabolism of 2,3,6-trichlorobenzoate 273
Hexachlorobenzene, in eggs of terns 371
Mercury, a simply constructed vapor cell 369
content of human hair 26
effect of phenylmercuric acetate on fish eggs 111
interference of fats in determination in fish 301
methyl, elimination pattern in rats 292
Metabolites, complexation of impurities in GLC of pesticide 2
of lindane identified in rat urine 137
microbial degradation of DDT 52
Microbial, breakdown of Triallate 36
cometabolism of 2,3,6-trichlorobenzoate 273
degradation of DDT metabolites 52
Oxytetracycline determination in dairy and poultry products 229
PCB's, and DDE elimination rate in cows 252
and DDE in candadian bird eggs 63
biological magnification in invertebrates 257
column chromatographic separation from pesticides 338
distribution and excretion in boar 358
effect on ATPase of fish 87
effect on Gammarus oceanicus 182
modification of sleeping time in rats by 264
preparation of tritiated 374
Rats, distribution and excretion of dioxins in 57
effects of dioxins on growth and metabolism of 45
effects of ethylene thioures on thyroid of 19
effects of liver damage on storage of DDT in 284
elimination pattern of methyl mercury in 292
identification of five lindane metabolites from 137
nonconversion of o,p'DDT to p,p'DDT in 121
PCB's and modification of sleeping time in 264
Sodium arsenite, effect on fetal development 216
Soil, adenosine triphosphate, recovery and half-life 296
DDT identified by dehydrochlorinase 288
DDT persistence in orchard 348
Water, analysis of explosives in sea 177
effect of PCB's on fish in sea 182
usable from raw sewage 80
