Mr. Paul E. Toth

Subject: Asbestos Substitutes

Ron Kersten recently sent you a memorandum that listed asbestos substitutes and their suppliers. The following should be added to this list:

Haveg Industries, Inc.
900 Greenbank Road
Wilmington, Delaware 19808
800-441-7777

Haveg manufactures "Siltemp", a non-asbestos insulation material. According to Haveg, "Siltemp" is fireproof and can be used for fire curtains, refractory applications, stress relief blankets, brazing separators, mold liners, welding curtains, furnace curtains, electrical insulation, and other thermal work up to 3000°F. It is available as fabric, cordage, tape, and mat.

A handwritten signature in cursive script, appearing to read "R. Wabeke".

Roger L. Wabeke
