Re your discussions with GE on non-PCB capacitor impregnants, we were advised today by the U.S. Patent Office that our hydrocarbon + sulfone + epoxide case will issue March 12, 1974 as U.S.P. 3,796,934.

We claim capacitors containing that type of impregnant. Besides other possible hydrocarbon-sulfone mixtures, the claims cover:

MCS 1588

MCS 1623

MCS 1238
