Q Okay. And did Wong calculate a relative risk in his paper?

Q I meant an overall relative risk?

A You're talking about Woitowitz's paper --

Q No.

A Not his own -- or for his meta analysis?

Q I meant for his meta analysis?

A Oh, his meta analysis. I think he did calculate something. It's not in here. Do you want to know the answer to that?

Q I would.

A Okay. Well, let's see if we can't get it.
