NOTED V. B.

Dear Mr. Gatke:

Attached are minutes made of notes which Mr. Vandiver Brown and I kept during our discussion of the Sarnas asbestos study here in New York on Thursday, November 11.

As requested at the meeting, I have discussed with Dr. Lanza his taking up with Sarnas the matter of revising the report and putting it in the shape that we agreed upon. Dr. Lanza has agreed to do this for us. I might add that this is just another instance where Dr. Lanza is freely giving his time and effort in helping us along on this program and I think he deserves the thanks of all of us.

If you find any errors of omission or commission in these minutes which you think should be corrected, will you kindly let us know.

I shall keep you informed of the progress made after Dr. Lanza has had a chance to work on this.

Yours sincerely,

J. P. Woodard
