handed out brochures or trying to sell their equipment and stuff like that, yes.

Q Anyone other than that?

A Those are the ones I specifically remember.

Q Was there any information disseminated involving hazards associated with exposure to asbestos?

MR. FRIESTEDT: Objection.

A Well, we gave them copies of the OSHA regulations which in their -- in their preface would say that. We gave them copies of the OSHA regulations or whatever they were. Again, I can't remember this stuff.

Q What do you remember Johns-Manville Sales Corporation presenting at the seminar?

A I can't -- I do remember them being there. I can even remember the name of the guy who was there from JM, I think his name was Jim Rice, but I can't remember what they said.

Q Did anyone put forth any position that there wasn't a hazard associated with exposure to asbestos from friction products?

A No.

Q When you say that two equipment manufacturers attended, would those be the dust collection type equipment
