INTER-OFFICE LETTER	FROM	TO	OFFICE	DEPT.
FOR	Cleveland	OFFICE Pkg. Spec.	DATE	March 26, 1971
FROM	P. W. Zehnder	SUBJECT	Exterior House Paints Lead Elimination	
ANSWERING LETTER OF		DICTATED BY	File #299	

Per J. J. Lenzotti's letter of March 22nd the attached master list of products with parallels and sales codes involved in the subject program represents our most recent information. It represents a consolidation of data supplied by J. Wolf, R. P. Bradley and P. J. Martinek. If any recipient of this list has anything further to add or notes any discrepancies, please let the writer know so any changes can be made.

The Formulas involved in the lead reduction program are listed by groups similar to those listed in Mr. Lenzotti's letter and are as follows:

- I. House Paint Whites - To be converted from leaded zinc 12/88 68 22 60 to S-W manufactured zinc oxide oxide 30-P, 67 35 60. Label caution and label analysis will require changing.
- II. Premium Undercoaters - A new rex A2 W 5 will replace SWP Undercoater, A2 W 2 and A-100 Undercoaters, A6 W 32 and A6 W 39. A2 W 5 will be the same formula as P/C Hi-Level Btt. Undercoater White, E46 W 31. New label required.
- III. Oil Type Tints - To be converted to West Coast Alkyd Type. Formulas in existence.
- IV. Alkyd Type Colors - Reduction in lead driers required. Label caution to change but analysis may remain the same.
- V. Colors With Lead Pigments - These contain lead chromate which will be removed. New label caution and analysis required.
- VI. Special Primers - Contain excess lead drier or lead pigments. New label caution and analysis required on A57 A 15 and A17 W 2. New caution required on A57 R 17 but may not need new analysis.
- VII. Miscellaneous Items - All will require a new label caution and some will require a new label analysis.
