DATE : June 29, 1973

CC: A. J. Koenig
R. A. Stohr

SUBJECT : PCB Phase Out Costs

REFERENCE

TO : W. B. Papageorge

This is to advise that the study to determine the magnitude ($ and manhours) of Monsanto's effort in phasing out PCB's in heat transfer, plasticizer, hydraulic and industrial uses has not been made.

The needed information from accounting is being pulled together. Mr. Koenig indicates this data should be ready for you sometime in July.

P. W. Gann
