Anything else from any counsel before we recess for the weekend?

MR. SHELLENBERGER: I don't know if you want to be this picky, I am just kind of nit-picky about this letter. It is the only thing I don't have in yet.

This is the letter sent in to Mrs. Vandergucht that she identified as being the first time he knew about asbestos.

THE COURT: She was asked about that on the witness stand and as I recall -- what number?

MR. SHELLENBERGER: VA 35 on 5-30-96.

THE COURT: Refresh my memory if you will, when did Mrs. Vandergucht testify?

MR. SHELLENBERGER: 5-30-96.

THE COURT: Let me just get to that for just a moment.

Ms. Wood testified, Ms. Grossblat. Ms. Grewe, she testified, and --

MR. SHELLENBERGER: And then it should have been Ms. Vandergucht.
