Mosquitoes

The worst mosquitoes in the world, travelers agree, are to be found in Alaska, where the stinging pests can actually bite a man to death.

How do Alaskans protect themselves?

By burning BUHACH! Nothing like it, they say, to give you absolute protection. It's sure death to the pests—safe for humans and domestic animals. In Handy Sifter Cans 25c and 40c. At All Drug, Grocery, Seed Stores and Pet Shops.—Adv.
