Dear Ms. Garner:

We are writing in response to your recent letter relative to the proposed ban on asbestos containing wall patching materials now being considered by the Consumer Product Safety Commission.

We are pleased to be able to inform you that Atlas Waterproofed White cement, Lumnite calcium aluminate cement, and Type I gray portland cement do not contain asbestos.

We appreciate your continued interest in our products and hope that you will not hesitate to contact us if we can be of additional service in the future.

Yours very truly,
