Mr. M. Fitzgerald

Dear Mr. Fitzgerald:

It is my understanding that you are manufacturing a flexible jacket such as we have patented. You probably know we have at the present time a number of the manufacturers under a license agreement for the making of this type of jacket.

We have recently placed this matter in the hands of Mr. Donald Tulloch believing that a better working arrangement could be had by having him handle this matter. I am writing Donald Tulloch asking him to take this matter up with you, if he has not already done so, with the hopes that we may have the privilege of working with you in this matter.

Yours very truly,

AKB/K

President.
