10 REDIRECT EXAMINATION

11 BY MR. HOFFMAN:

12 Q Doctor, let me hand you the Lorimer
13 article. I have tagged a couple of pages there.

14 In the Lorimer article as well as in the
15 studies done, the other studies we talked about, can
16 you describe where did they get the garage people that
17 they took the X-rays of and took the history of?

18 Where was the population derived from?

19 (Whereupon, document tendered to witness.)

20 A It says these were among brake repair
21 maintenance workers in New York City.
