Diane

Tuesday morning would work out very well for me and after 9:00 is no problem. Wednesday also would work except for the period from 1:00 to 3:00. Monday is not a good day at all.
I think these times are okay for Steve also, based on a brief conversation with Cindy his secretary.

Bob

Bob,
Congratulations! I'd be glad to help you. Do you know if MSD is planning to issue a press release themselves? Let's plan to meet sometime next week. I'll come to the plant. I've been wanting to set up a meeting with Steve Henderson anyway, so maybe I can do both at the same time. I'm open all day Monday, Tuesday after 9:00 a.m., and all day Wednesday. Let me know your availability and I'll also check with Steve. Thanks. --Diane

MSD → Industrial Silver Pretreatment Award

Diane..

The Queeny Plant has been nominated by the Metropolitan St. Louis Sewer District and chosen to receive the Missouri Water Environment Association's Industrial Silver Pretreatment award. This award will be presented by the Missouri Water Environment Association at their 1995 Annual Meeting awards luncheon on Monday April 10, 1995. This annual meeting is being held at the Lodge of The Four Seasons in Lake Ozark at I am planning on attending.

We think that this is an excellent opportunity for some positive recognition for the Queeny Plant both internal and external and am requesting your help in preparing the necessary press releases.

Please contact me at your earliest convenience to set the wheels in motion.
