Re: Our file #160/T

Dear Dr. Craddock;

We have been referred to you by the National Chemist Association. We are seeking information on PCBs, material data sheets, safety measures, etc. We are not trying to involve you or Monstano in any legal action, we only need information on PCBs and have been told you are the only source for this information. Anything you can supply us will be helpful.

Thank you for your cooperation in this matter.

Sincerely,
Tipler & Roden
