Dear Mr. Gaylor:

The Kerr-McGee Medical Services Division is sponsoring an Asbestos Seminar on October 14-15, 1986. There will be approximately 50 employees representing a number of KM subsidiaries.

The purpose of the seminar is to provide information and training for the safe handling of asbestos containing materials. Given your experience with asbestos contractors, we would like to invite your participation as a speaker on October 15th. The presentation would address "Abatement Site Overview" (8:15-8:45am) followed by a demonstration of proper glove bag techniques (8:45-9:45am).

We would appreciate an early response in order to confirm the seminar agenda.

Sincerely,

Evan R. Goltra, M.D.
Corporate Medical Director
