INTER-OFFICE MEMORANDUM

PLAINTIFF'S EXHIBIT
USM-191

To: F. M. Stumpf

From: John F. O'Rourke

001369 Date: June 20, 1961

Subject: Disposable Respirators

Mr. Mel Murdy, Allied Construction Services, mentioned that his crew now uses disposable respirators on CAFCO jobs.

These paper masks are made by Minnesota Mining & Manufacturing Company and appear to be highly efficient.

May I suggest that you write to 3-M, outlining our problem and requesting they supply you with samples and prices.

Mr. Murdy was not sure as to whether these paper masks were designed specifically for protection against inhalation of dust particles and I am sure 3-M would be in a good position to advise whether or not they would be effective against the possibility of asbestosis.

Please check into this and advise.
