SUBJECT DIELECTRIC FLUIDS PRIORITIES

REFERENCE

TO : D. A. Olson - DOLSO

cc: H. S. Bergen - HBERG
J. G. Bryant
R. Davis
R. H. Munch - SECOND STREET
W. W. Overall
D. R. Pogue
W. R. Richard - WRICH

The attached list of marketing priorities for dielectric fluids reflects essentially the same priorities of work assigned in our Research Department on dielectrics. These same priorities will also serve as guide lines for our "Dielectrics Market Growth Committee."

Therefore, the purpose of this outline is to summarize and reflect that our various disciplines are moving ahead in concert. Obviously these projects are not discussed in great detail in this outline of their importance.
