IN THE MATTER OF Acme Asbestos
DATE 5/1/34 WITNESS Tulloch
REPORTER Johnson

Dear Sir:

The introduction of Careycel and research work on a number of similar products has developed a number of problems of major importance in the industry.

A meeting has been called for Wednesday, June 20th at 11:00 A.M., at the New Yorker, New York City to consider these matters and your attendance at this meeting will be much appreciated.

Very truly yours,

Donald Tulloch, Jr.
