Dear Louise:

As we discussed, enclosed is a Material Safety Data Sheet for Vista Chemical Company's SA-597 Sulfonic Acid (Dodecyl Benzene Sulfonic Acid). This information is specific to our product and its applicability to other formulations of dodecyl benzene sulfonic acid would of course depend on the product specifications.

Sincerely,

Dear Lee:

As discussed at the AIHA Board Meeting, please prepare a summary of education courses receipts and costs for 1984. This would include the I.H. Review, Toxicology, and Epidemiology courses. This is needed to determine the amount of our donation to the ERC.

Please call if you have questions. Thanks.

Sincerely,
