C. A. D'ALONZO, M.D.

MESOTHELIOMA OF THE PLEURA

We have on record that [REDACTED]  
a 50 year old employee of your plant expired sometime in 1963  
from mesothelioma of the pleura.

Please do a careful investigation and let  
me know if this individual was ever exposed to asbestos in our  
employ, how long he was, in what type of work, or any other  
information that may be available. If at all possible, try  
to ascertain whether there is any information that this  
individual worked as a roofer, pipe coverer or any other  
type of asbestos exposure prior to joining Du Pont. This  
inquiry is for our own edification only, as no one outside of  
the Company has raised the question.

We are hopeful you will keep this information  
most confidential, and let me have your reply as early as  
possible.

Thank you for your cooperation.
